

Our vision

NSW – A place where the skills of its people, management of its natural resources and the quality of its government services make it a globally attractive location to live, learn, work, invest and to produce goods and services.

Our purpose

To increase the capacity of primary industries and communities to drive economic growth across NSW

Our values

Integrity – Trust – Service – Accountability

<p>Strategic Priorities</p>	 <p>Act to enable job creation and opportunities for economic growth</p>	 <p>Create a positive business environment</p>	 <p>Engage and collaborate, facilitating mutually beneficial relationships</p>	 <p>Foster an innovative, commercially focused and collaborative department</p>	
<p>Goals</p>	<p>Facilitate the creation of at least 150,000 new jobs by 2019, including 30,000 in regional NSW.</p>	<p>Support government decision-making for infrastructure, regulation and priorities with information about economic opportunities and challenges.</p>		<p>Be a responsive and engaged department driven by a culture of innovation and collaboration.</p>	
<p>DPI Outcomes</p>	<p>Economic growth through innovation that improves resilience and boosts productivity.</p>	<p>Economic growth by ensuring sustainable use of and access to natural resources.</p>	<p>Risks to community and industry confidence mitigated and managed.</p>	<p>Productive partnerships with business, industry, research institutions and the community to accelerate opportunities and maximise benefits.</p>	<p>Individuals are capable, engaged and accountable; empowered to collaborate, innovate and embrace change.</p>
