

1 July 2016

Water allocations announced for Brogo Dam and South Coast water users

DPI Water today announced available water determinations for water users drawing from the Brogo Dam, together with other South Coast water sources, for the new 2016/17 water year, commencing 1 July 2016.

Local water utility and domestic and stock water access licence holders in the Brogo and Bega regulated rivers water source will receive an allocation of 100 per cent.

Regulated river high security water access licence holders and supplementary water access holders will receive an allocation of 1 megalitre per unit share of entitlement.

General security access licence holders will commence with 0.4 megalitres per unit share and resource availability assessments will continue during the year.

All other water access licence holders covered by the water sharing plan for the Bega and Brogo Rivers Area, regulated, unregulated and alluvial water sources will receive an allocation of 100 per cent or 1 megalitre per unit share of their entitlement.

DPI Water will continue to closely monitor rainfall and river inflows and may make subsequent water allocation announcements for regulated river high and general security access licences, as further water becomes available.

Full allocations of 100 per cent or 1 megalitre per unit share of entitlement have also been made for water users in the following water sharing plan areas - Murrah-Wallaga and Towamba River water sources.

Additional information on available water determinations can be found on the DPI Water website at - www.water.nsw.gov.au
