

ALL SAP MEETING | 5 & 6 JUNE 2018 | SESSION 2

Transparency Measures

Ria Pryce | Director Strategic Policy Delivery

Transparency Measures

What we heard

- Support for a comprehensive public register – all information accessible in one place
- Concern about commercially sensitive information
- Support for a web mapping tool/GIS platform
- Support for publication of compliance actions
- Support for a single source of authority on when water take is permitted

Transparency Measures

Where to from here?

- A single public register
- The single public register will be developed in stages
 - Improving accessibility of existing information
 - More information will become available over time
- Carefully considering risks raised about commercially sensitive information
