

WARNING:

Changes in bed and channel contours could occur rapidly due to waves and currents. Extreme caution should be used when navigating this entrance. Seabed contours show average depths in metres below A.H.D. not clearance depths. This survey is not to be used for navigational purposes.

LGA LAKE MACQUARIE	
Locality SWANSEA	
DATUM A.H.D.	AZIMUTH MGA ZONE 56 CORRSNET NSW

Notes: • Contours show average depths in metres below A.H.D. • Background shading is diagrammatic only. • All distances shown are MGA grid
