

## Application fees for flood work approvals

Our department charges fees to cover the cost of assessing applications relating to flood work approvals.

### Types of applications

The application fee which applies depends on the type of application and whether advertising is required.

#### New or amended approval – no advertising

- The application is for a new approval or to amend an existing approval
- The application must be assessed but is not required to be advertised

#### New or amended approval – advertising required

- The application is for a new approval or to amend an existing approval
- The application must be assessed and is also required to be advertised

Advertising is required under the relevant floodplain management plan when the flood work does not comply with specified rules ('non-complying') or the flood work is located in a zone where advertising is required.

For information about floodplain management plans, visit [industry.nsw.gov.au/water/plans-programs/healthy-floodplains-project/plans](http://industry.nsw.gov.au/water/plans-programs/healthy-floodplains-project/plans)

#### Extension of approval – before expiry

- The application is for the extension of an approval
- The application is received by our department before the approval expires

#### Extension of approval – after expiry

- The application is for the extension of an approval
- The application is received by our department after the approval expires

## Application fees
