

1 July 2017

Commencing water allocations for the Peel Valley

DPI Water today announced commencing available water determinations for Peel Valley water users for the new 2017/18 water year, commencing 1 July 2017.

In the Peel regulated river water source, local water utility and domestic and stock water access licence holders will receive an allocation of 100 per cent of entitlement.

High security water access licence holders in the Peel regulated river water source will receive 1 megalitre per unit share.

General security water access licence holders will receive an allocation of 1 megalitre per unit share.

All local water utility and domestic and stock water access licence holders in the Peel unregulated river, Peel alluvium and Peel fractured rock water sources will receive an allocation of 100 per cent of entitlement.

In the Peel alluvium water source, aquifer access licence holders will receive an allocation of 1 megalitre per unit share, while aquifer (general security) access licence holders will also receive an allocation of 1 megalitre per unit share of entitlement.

Peel unregulated river water access licence holders will receive an allocation of 1 megalitre per unit share.

Aquifer access licence holders in the Peel fractured rock water source will also receive an allocation of 1 megalitre per unit share.

Additional information on available water determinations can be found on the DPI Water website at - www.water.nsw.gov.au
