

1 July 2018

Water allocations for Lower Murray groundwater sources

The NSW Department of Industry today announced available water determinations for groundwater sources in the Lower Murray for the new 2018-19 water year, commencing 1 July 2018.

Local water utility, domestic and stock and aquifer access licence holders in the Lower Murray groundwater source receive an allocation of 100 per cent or 1 megalitre per unit share of entitlement.

Salinity and water table management and aquifer access licence holders in the Lower Murray shallow groundwater source also receive an allocation of 100 per cent or 1 megalitre per unit share of entitlement.

Additional information on available water determinations can be found on the NSW Department of Industry website at - www.industry.nsw.gov.au/water
