

New South Wales

Available Water Determination Order for the NSW Murray and Lower Darling Regulated Rivers Water Sources 2016

under the

Water Management Act 2000

I, Brian Graham, having delegated authority, in pursuance of section 59 (1) (a) of the *Water Management Act 2000*, make the following Order.

Dated this 31st day of March 2016

Brian Graham
Acting Director, Surface Water Management

NSW DPI Water
(by delegation)

Explanatory note

This Order is made under section 59(1)(a) of the *Water Management Act 2000*. The object of this Order is to make an available water determination for various categories of access licences in the water sources identified in Schedule 1 of this Order.

Available Water Determination Order for the NSW Murray and Lower Darling Regulated Rivers Water Sources 2016

under the

Water Management Act 2000

1 Name of Order

This Order is the *Available Water Determination Order for the NSW Murray and Lower Darling Regulated Rivers Water Sources 2016*.

2 Commencement

This Order commences on the 1st April 2016.

3 Available water determination

This Order determines the availability of water in relation to the water sources specified in Schedule 1, for the categories and subcategories of access licence specified in Schedules 2 and 3 on the terms specified in Schedules 2 and 3.

Schedule 1 Water Sources

This Order applies to the following water sources:

1. all water sources to which the *Water Sharing Plan for the NSW Murray and Lower Darling Regulated Rivers Water Sources 2003* applies.

Schedule 2 Domestic and stock access licences

Each amount specified in Column 2 applies to domestic and stock access licences with a share component that specifies the adjacent water source specified in Column 1.

| COLUMN 1 Water source/s | COLUMN 2 Percentage per megalitre of access licence share component |
|--|--|
| Lower-Darling Regulated River Water Source | 5% |

Schedule 3 Regulated river (high security) access licences

Each amount specified in Column 2 applies to regulated river (high security) access licences with a share component that specifies the adjacent water source specified in Column 1.

| COLUMN 1 Water source/s | COLUMN 2 Volume per unit of access licence share component |
|--|---|
| Lower-Darling Regulated River Water Source | 0.05 megalitre |

Notes: (1) An available water determination made in relation to a particular category of access licence applies to all subcategories of that category, except to the extent to which this order provides otherwise, in accordance with section 59 (1A) of the *Water Management Act 2000*.
