

1 July 2018

## Water allocations for Lower North Coast users

The NSW Department of Industry today announced available water determinations for Lower North Coast water users for the new 2018-19 water year, commencing 1 July 2018.

Domestic and stock, local water utility and major water utility access licence holders receive an allocation of 100 per cent.

All surface water access licence holders on the Avon, Lower and Upper Barrington, Bowman, Lower and Upper Gloucester, Cooplacurripa, Lower and Upper Barnard, Lower and Upper Manning as well as Mid Manning, Nowendoc, Rowleys, Myall, Coolongolook, Wallamba and Karuah rivers receive an allocation of 100 per cent or 1 megalitre per unit share of entitlement.

Surface water access licence holders, who draw water from Dingo and Myall creeks, together with the Manning estuary tributaries, Manning River Tidal Pool and Myall Lakes, will also receive an allocation of 100 per cent or 1 megalitre per unit share of their entitlement.

Aquifer access licence holders covered by the Lower North Coast unregulated and alluvial water sharing plan receive 1 megalitre per unit share of entitlement.

Licence holders who access water from sources not covered by a water sharing plan are allocated full entitlement unless otherwise advised.

Additional information on available water determinations can be found on the NSW Department of Industry website at - [www.industry.nsw.gov.au/water](http://www.industry.nsw.gov.au/water)
