

1 July 2017

Water allocations for the Lower Murray groundwater sources

DPI Water today announced available water determinations for groundwater sources in the Lower Murray for the new 2017/18 water year, commencing 1 July 2017.

Local water utility and domestic and stock water access licence holders in the Lower Murray groundwater source will receive an allocation of 100 per cent or 1 megalitre per unit share of entitlement, while aquifer access licence holders will receive 1 megalitre per unit share.

Salinity and water table management and aquifer access water licence holder in the Lower Murray shallow groundwater source will receive an allocation of 100 per cent or 1 megalitre per unit share of entitlement.

Additional information on available water determinations can be found on the DPI Water website at - www.water.nsw.gov.au
