

Licence: termination statutory declaration

Description of Form

This form is used when a licence holder wishes to request that termination of their licence be considered by the NSW Department of Industry—Lands & Water (the department).

General Information

The department will assess your request for termination. Lodgement of this form does not guarantee that your licence will be terminated.

The department may require you to undertake certain activities, such as remediation of land, removal of structures or payment of outstanding amounts prior to termination being considered.

Any overpaid rent will be refunded and consideration will be given to the release of any security deposit (if applicable). The termination of a licence does not waive any outstanding rent on the licence. Any amounts outstanding upon termination will continue to be a debt that is pursued by the Department.

If the request for termination is associated with a deceased estate, please provide the following:

- a copy of the death certificate
- a copy of will and/or probate.
