

1 July 2019

Opening water allocations for the Murrumbidgee unregulated and alluvial sources

The NSW Department of Planning, Industry and Environment today announced the available water determinations for the Murrumbidgee unregulated and alluvial water source for the 2019-20 water year, beginning 1 July 2019.

Local water utility, domestic and stock, unregulated river, aquifer and salinity and water table management water access licence holders, receive an allocation of 100 per cent of entitlement or 1 megalitre per unit share.

Aquifer high security water access licence holders will receive an allocation of 0.984 megalitres per unit share of entitlement.

Water sources covered by the Murrumbidgee unregulated and alluvial water sharing plan now include Adelong Creek, Tarcutta Creek and Upper Billabong Creek.

Additional information on available water determinations can be found on the NSW Department of Planning, Industry and Environment website at - www.industry.nsw.gov.au/water
